

Decoloniality Dialogues Workshop Series

ADMINISTRATION & DE/CENTERING

Workshop 2

THURS, JAN 19TH, 12-2PM EST, VIA ZOOM

Decoloniality Dialogues (DD) Collective invite college and university administrators and staff to our second workshop into questions about why and what decolonization efforts can be, how decolonial praxis can be enacted within the colonial/izing space of university administration. The central question that this workshop will consider: Within the context of systemic harm and complicity that make up the fabric of colonizing universities, what does it mean for university administrators to see themselves as part of both the problem and the solution?
